

JOB DESCRIPTION

Assistant/Associate Professors & Professors

(Marketing, Finance, Strategy, Analytics, Operations, Economics, Business Communication & HR)

ABOUT THE INSTITUTION:

Great Lakes Institute of Management, Gurgaon offers AICTE Approved and AMBA Accredited Post Graduate programs in management, part-time programs/MDPs for executives and working professionals and domain focused programs in the domains of Business Analytics, Machine Learning & Artificial Intelligence. It also continually innovates in terms of developing new programs and learning solutions based on unmet market needs and offers them across multiple geographies and through online learning. Students graduating from Great Lakes are recruited by renowned organizations both in India and overseas. More information on Great Lakes and its various programs can be found at www.greatlakes.edu.in.

Great Lakes, through its impressive growth and drive has been the youngest institute in India to be accredited by AMBA. Its PGDM program is also NBA Accredited and recognized as an MBA equivalent by AIU. Faculty interests are varied. We use traditional research methods as well as innovative new ones. We use traditional data as well as innovative unstructured data. We encourage creativity and flexibility in design and delivery.

Great Lakes also offers the faculty to create the perfect research and teaching blend by allowing the faculty to choose a predominant research or teaching track.

Great Lakes has a culture driven by:

- Innovation and Challenging the *Status Quo* – which has enabled it to develop and launch a variety of programs to meet the requirements of the market
- Mutual Respect and Empowerment – where team members are empowered and expected to achieve organization's objectives with minimal supervision and mutual accountability

We are looking for **Assistant/Associate Professors & Professors in Marketing, Finance, Strategy, Analytics, Operations, Economics, Business Communication & HR** for our Gurgaon campus. If you are passionate about teaching and research, creating and delivering high-quality content and engaging students in their pursuit of excellence, and appreciate and inculcate innovative teaching and research styles – together we would make a great team!

OUR EXPECTATIONS FROM YOU

- Deliver high quality learning experience for our students
- Publish high quality academic, industry and society relevant research in leading academic journals
- Contribute to the academic administration of the Institute as per norms
- Support students in their professional development

WHAT YOU CAN EXPECT FROM US

- A congenial and supportive environment
- A set of peers who collaborate and create innovative ideas
- A dedicated and compassionate team
- Excellent institutional and infrastructure support for innovative ideas to germinate
- Attractive compensation and benefits package
- An open and meritocratic work culture

QUALIFICATIONS & COMPETENCY REQUIREMENTS

- PhD in relevant area. Qualifications and experience for the positions shall be as per AICTE/UGC norms. Those who have completed their thesis defence can also apply on the basis of a provisional completion certificate.
- A proven track record of research published in accredited journals and more importantly, a visible and substantive research pipeline
- Excellent communication, collaboration, and planning skills with meticulous attention to detail.
- Should be pro-active self-driven and well organized.
- These are campus based positions and requires regular office hours

LOCATION
